

CSA C/US General purpose

The product meets the requirements of "Class 8721 06, laboratory equipment, electrical;
Class 8721 86, electrical equipment for laboratory use - certified to US standards" for indoor usage.

Certificate no.: 2577401

Electrical safety

In accordance with IEC 61010-1, protection class I, Installation category II

Mains supply voltage fluctuations are not to exceed 10 percent of nominal supply voltage

Environment

- ≤ 2000 m (6500 ft) above MSL
- Pollution degree 2
- Humidity 20 to 80 % non-condensing
